GOOD DEAL **GPS**

ELD Cab Card

LET AN OFFICER INSPECT YOUR LOGS ON MOBILE

STEP 1 When a law enforcement officer requests to view your logs, open the GoodDealGPS App. For Android, tap the Menu icon. ☰ For iOS, tap the Inspection & Fuel icon in the bottom tabs ⌘ Inspection & Fuel

STEP 2 In the main menu/Inspection & Fuel menu, tap "Inspect Logs". ⌀ Inspect Logs

STEP 3 Then, tap the "Begin Inspection" button BEGIN INSPECTION and hand your phone or tablet to the inspector.

VIEW LOGS AND INSPECTION REPORTS

In Inspect Logs, you will have access to the logs and vehicle inspection reports for the most recent 8 days.
For each day, you will find a log chart that visually depicts the duration of the driver's activity over the 24 hour period and any vehicle inspection reports the driver created for that day.

1 Tap the back arrow to exit the Report on Android, or Done on iOS

2 Tap the arrow buttons next to the date to see the log from the previous or following day.

3 Driver's HOS Cycle

4 Log Form details required by FMCSA

5 The log graph corresponds to the driver's duty status changes for the day

6 The details below the graph show the details of each duty status period, including Time, Location and Notes

7 Tap the mail icon to send the ELD output file by email or with web services to the DOT officer

SEND LOGS ON ANDROID APP

Send Logs enables you to send Word documents via mail.
On the Main Menu, tap Send Logs. You can choose to send logs:

1. By mail, or
2. Send the ELD output file for the last 8 logs to the DOT officer.

SEND LOGS ON iOS APP

From the Inspection & Fuel menu (middle icon on the bottom bar) select the "Send Logs" option. Here you can choose to send logs or send output files.

Send Logs enables you to send Word documents via email.

Send Output File enables you to send logs:

1. By mail, or
2. With web services.
